TOURNAMENT PURPOSE

Prostate Cancer is now one of the most commonly diagnosed cancers among Canadian men and it is the second leading cause of cancer death for Canadian men over the age of 65. The purpose of today's golf tournament is to raise money in order to help fund ongoing research and education of this disease. Additionally, we hope to raise local awareness of this disease and the importance of early diagnosis. All money raised will be donated to the Regional Cancer Research Centres located in Kingston and Ottawa. It could help save the life of someone you love. Please accept our most heartfelt thanks for lending your support to this very important effort. With your help cancer can be beaten!
